

#Why #What #How

Outline

#Why #What #How

Outline

Microsoft Fabric App Development using Rayfin

About this course...

Adnan Hashmi
pkstn.co/Adnan

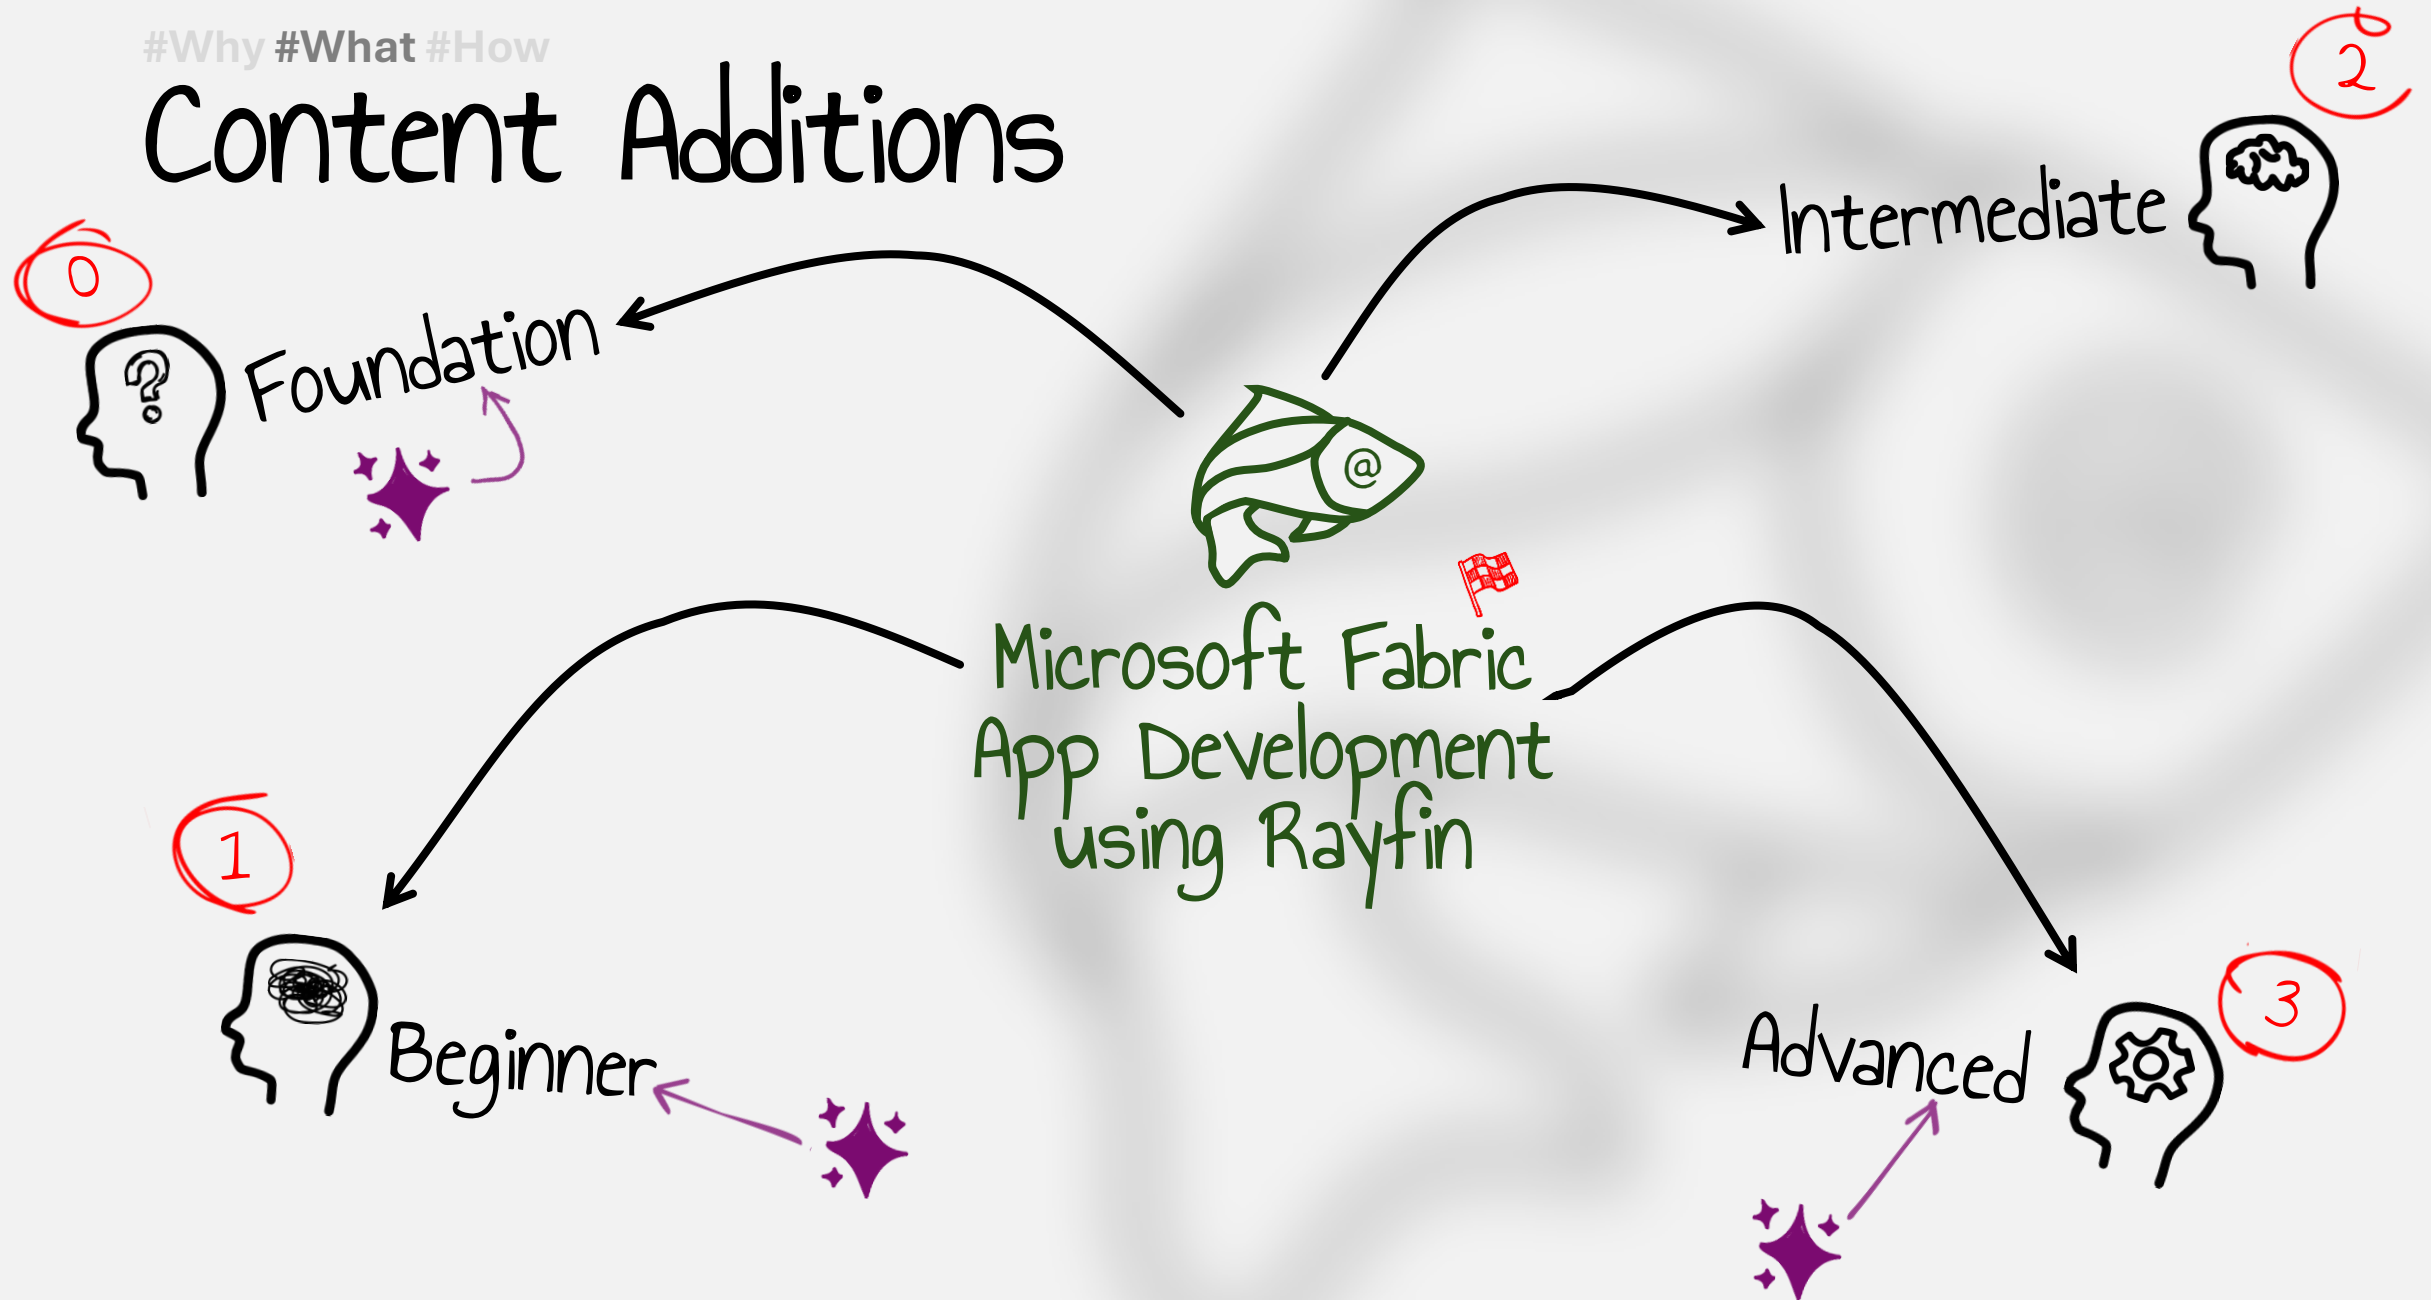

#Why #What #How

Introduction

1. Narration using AI ←
2. Bite-size videos ←
3. Expect future modifications ←

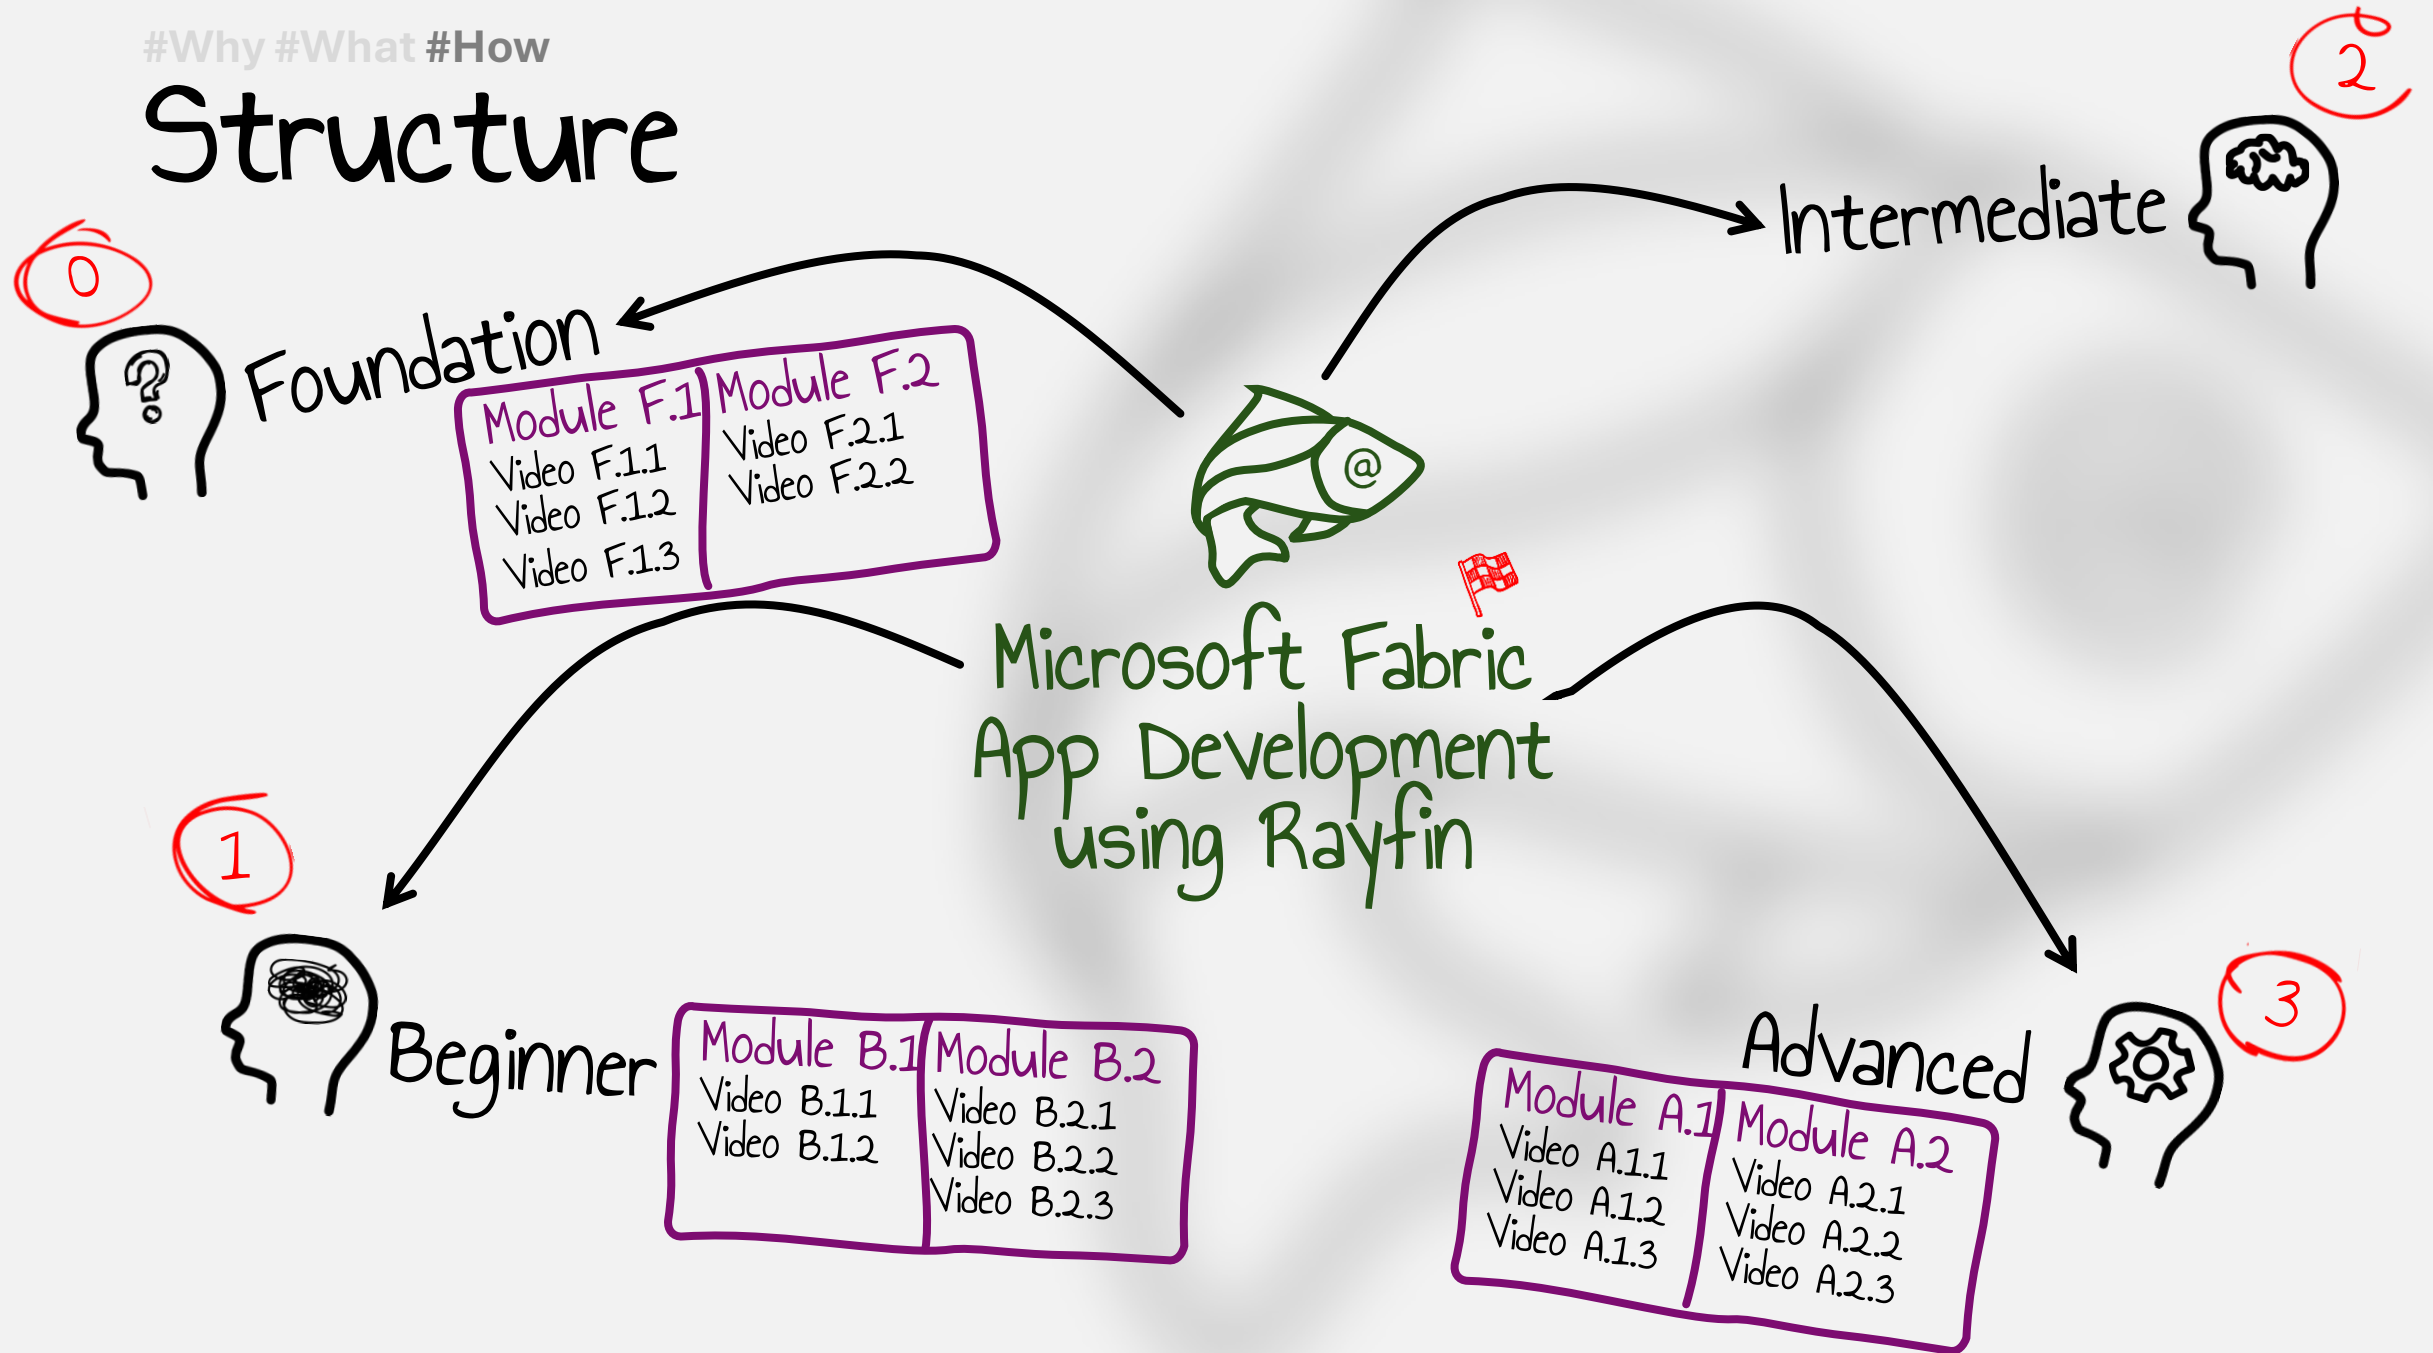

#Why #What #How

Content Additions

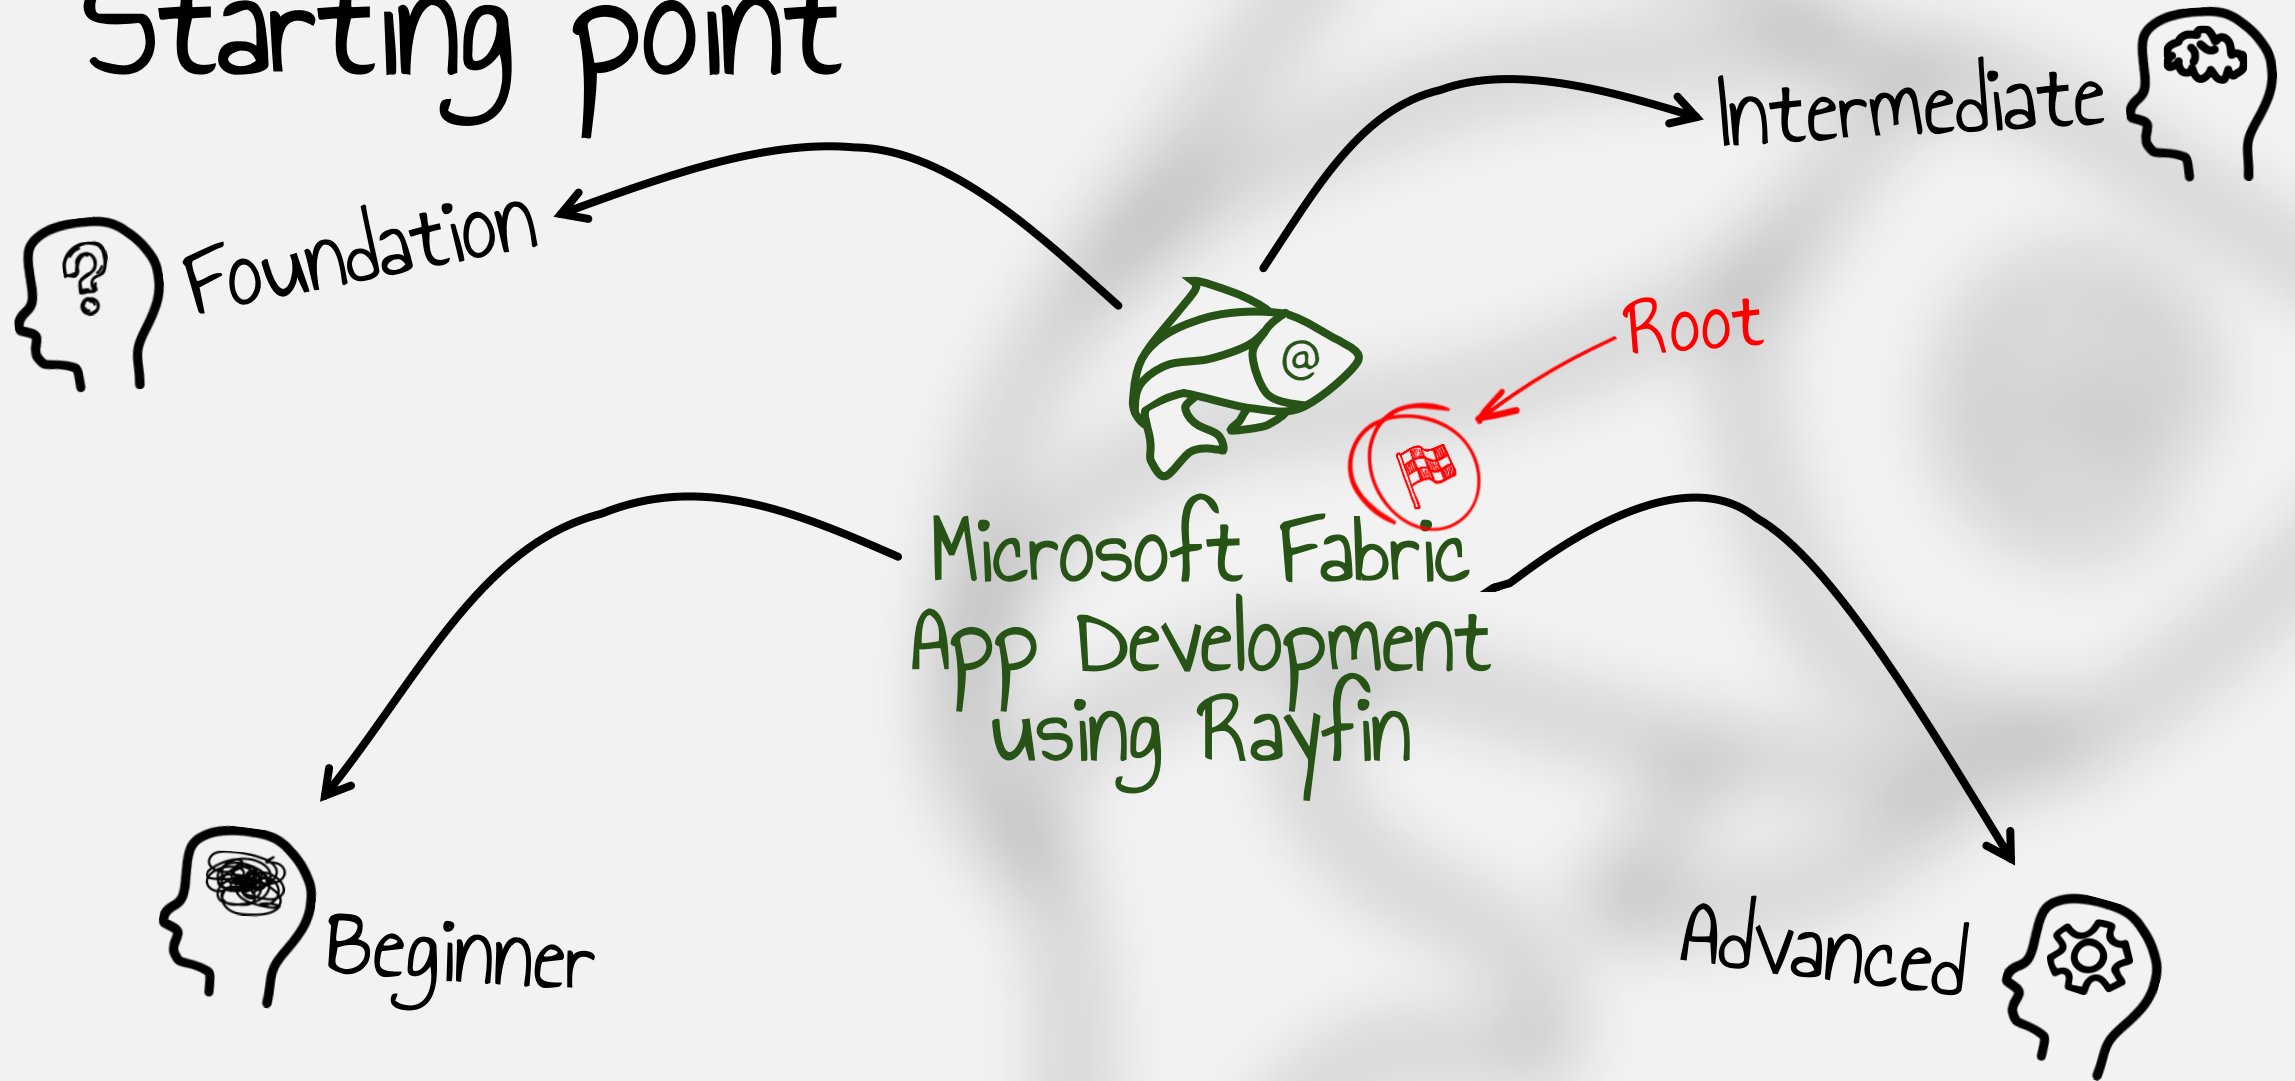

#Why #What #How

Structure

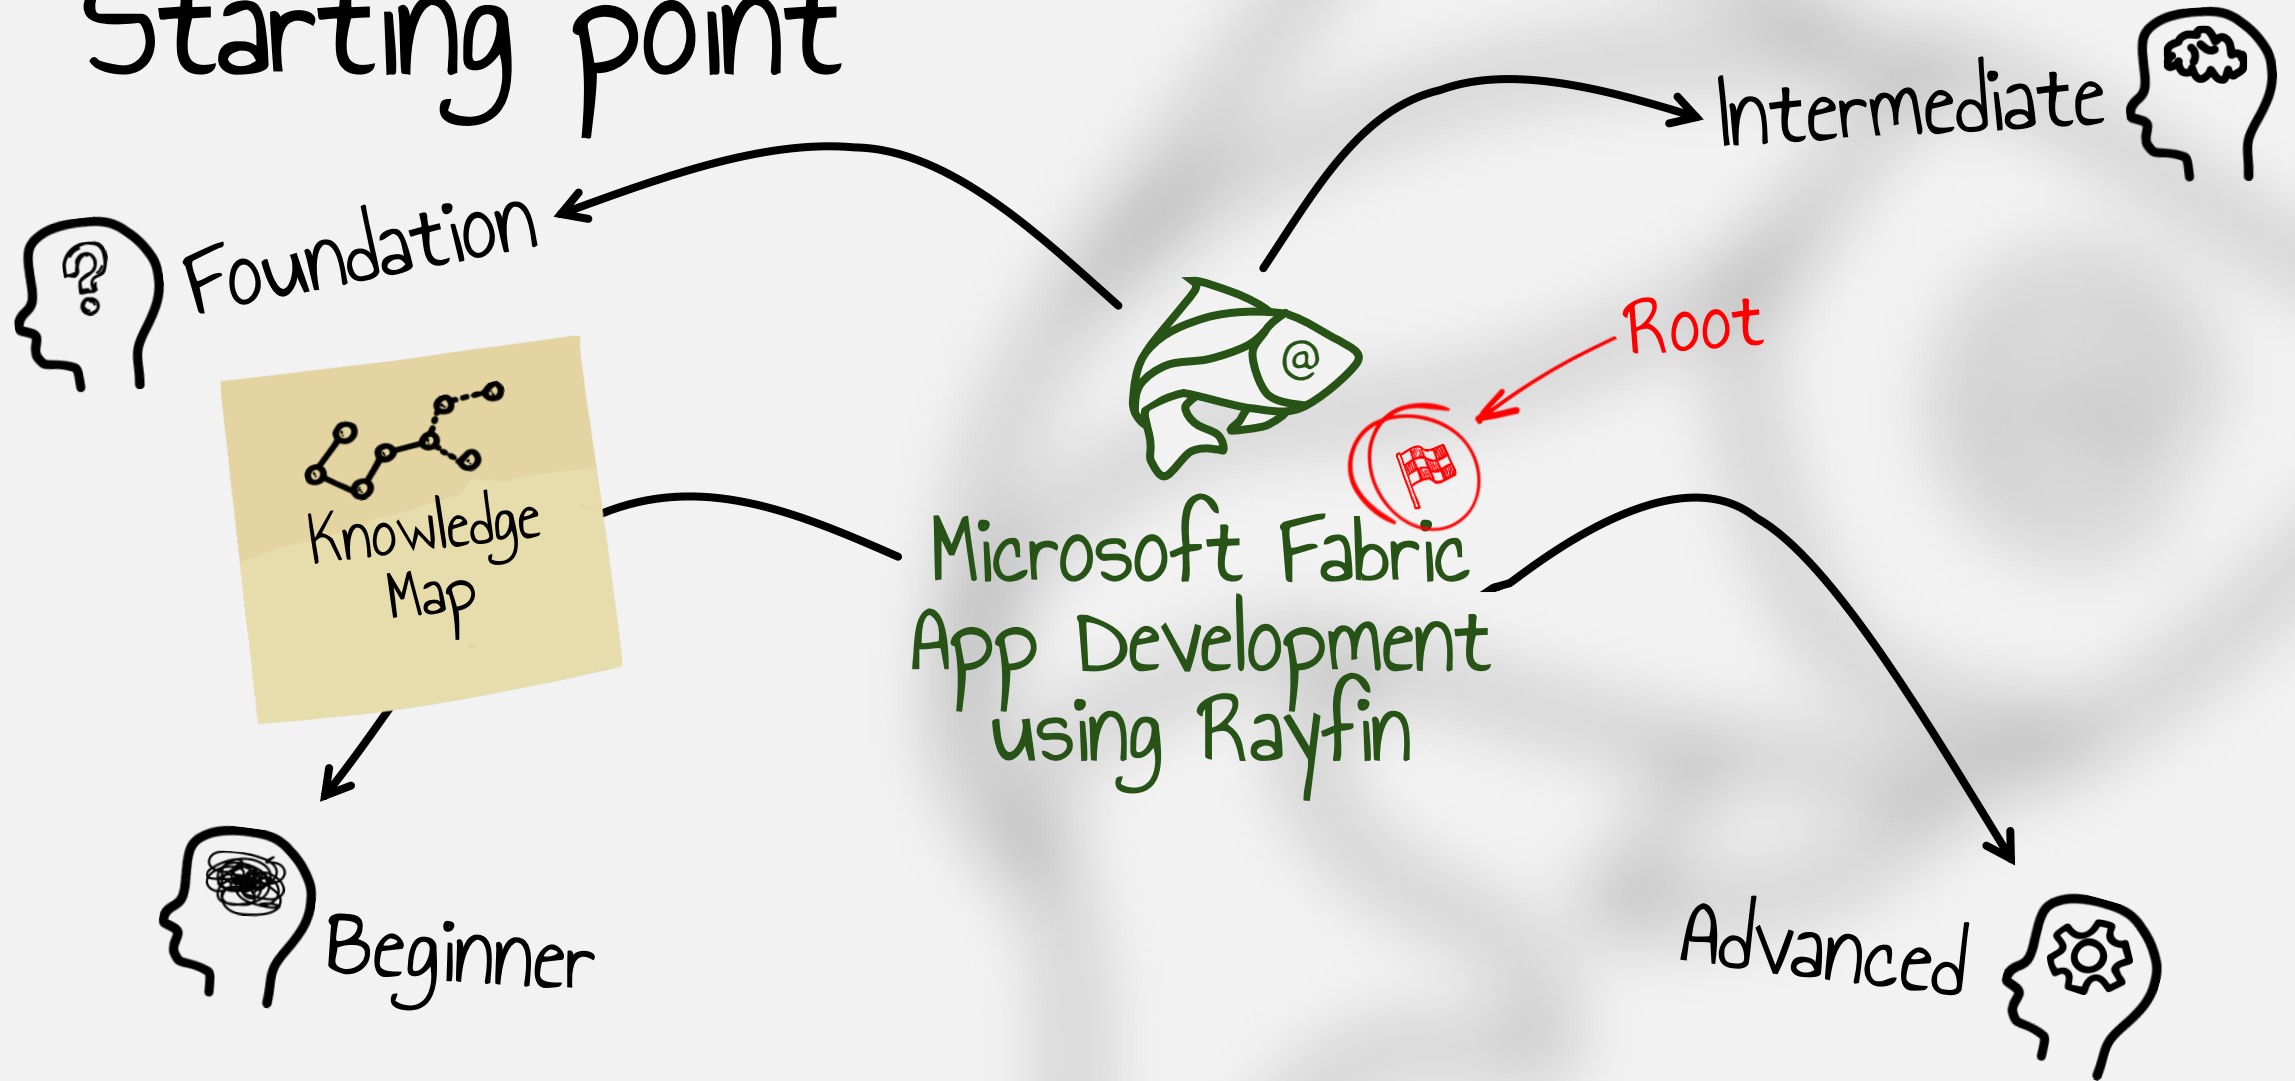

#Why #What #How

Starting point

#Why #What #How

Starting point

#Why #What #How

Knowledge Map

1. Visual view of a topic
2. Connected sub-topics and sub-concepts
3. Relationships + Direction

#Why #What #How

Visualizations

-Concept 

-Flow 

✓ -Knowledge Map 

-Sequence 

-Architecture 

-Screenshot 

#Why #What #How

Visualizations

-Concept

- i. Technology-agnostic
- ii. Used to explain a theocratical idea
- iii. Can be applied to multiple areas or platforms

-Flow

-Knowledge Map

-Sequence

-Architecture

#Why #What #How

Visualizations

-Concept 

-Sequence 

-Flow 

-Architecture 

-Knowledge Map 

- i. NOT Technology-agnostic
- ii. Refers to a particular platform
- iii. Visualizes flow of data

Screenshot 

#Why #What #How

Visualizations

-Concept 

-Flow 

-Knowledge Map 

-Sequence 

- i. Allow learner to know of individual underlying areas 
- ii. Focused on sequence followed by individual components 
- iii. Visualizes order and flow of control or app states

#Why #What #How

Visualizations

-Concept 

-Sequence 

-Flow 

-Architecture 

-Knowledge Map 

Screenshot 

- i. Displays technologies, sub-systems, and their interactions
- ii. Could be either logical or physical
- iii. Chiefly used to understand sub-components and NOT sequence of operations

#Why #What #How

Visualizations

-Concept 

-Flow 

-Knowledge Map 

-Sequence 

-Architecture 

-Screenshot 

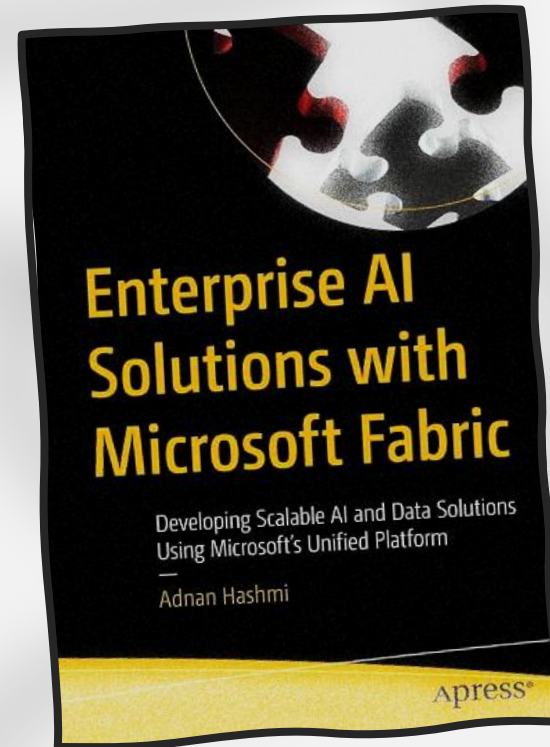

- i. Displays application UI
- ii. Optionally specifies sequence of UI operations
- iii. Should not be used as an alternative to actual demo

#Why #What #How

Microsoft Fabric Reference

Enterprise AI Solutions with Microsoft Fabric

<https://pkstn.co/fabricml-book>

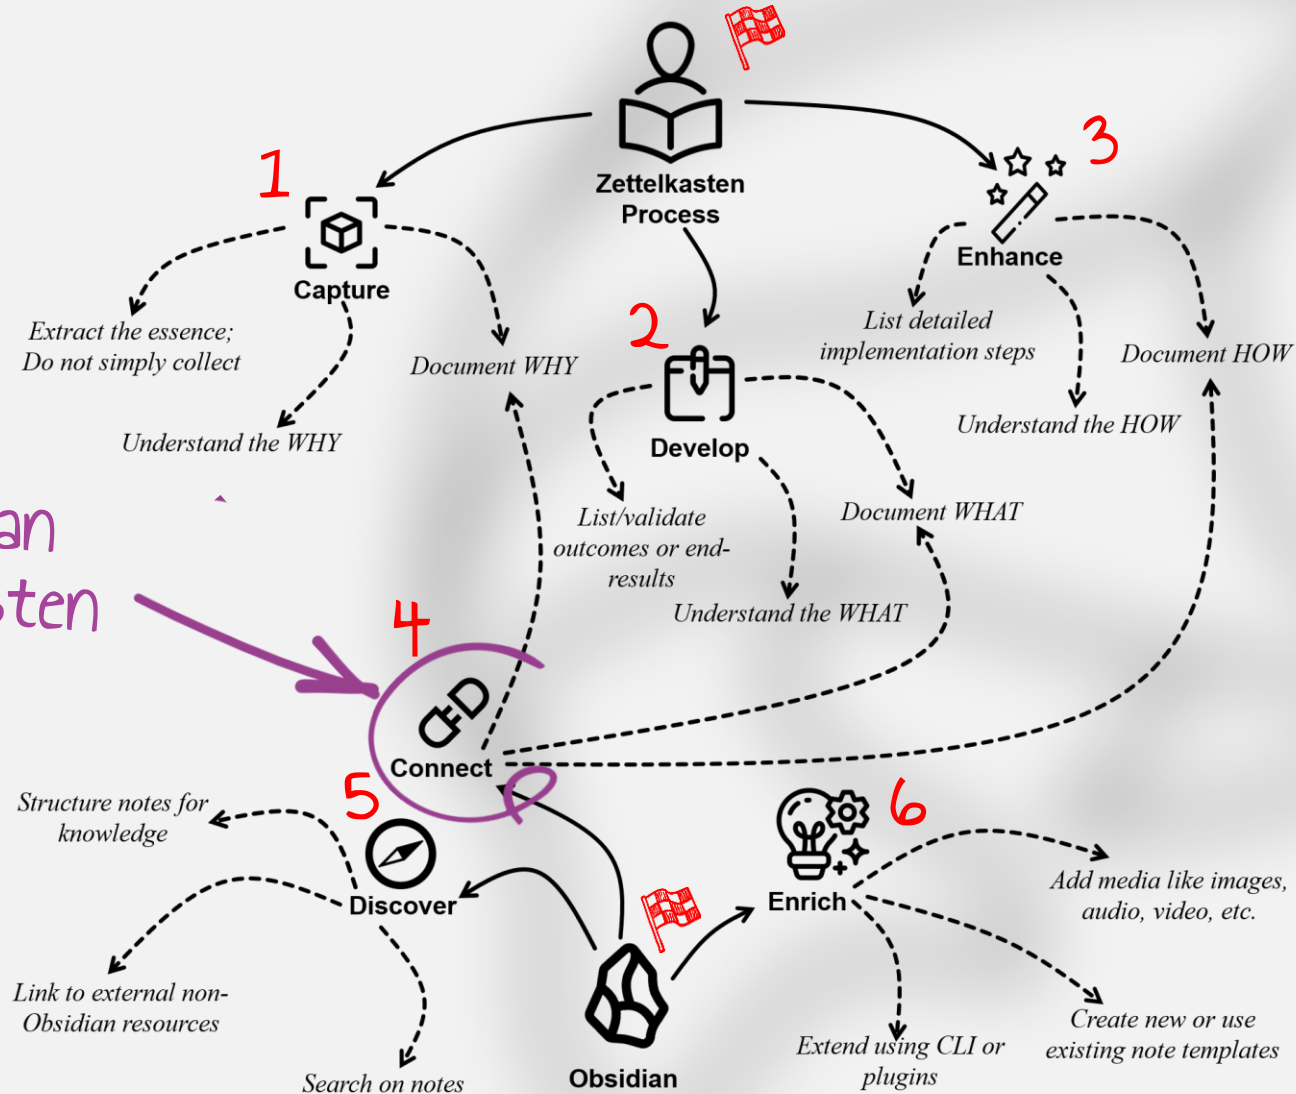

#Why #What #How

Zettelkasten + Obsidian

Optional but recommended

Links Obsidian and Zettelkasten
